She always put the kids first and the needs of others. Pinky is like a second mother to my children, and they love her dearly. Pinky is always willing to help and go the extra mile. She has been caring for my children since birth, gave them food, did all the duties a mother would do and even assisted when they were admitted to hospital. Pinky is not only just a nanny, but a teacher as well. She assists with home school, activities, house duties etc. She is the perfect nanny for any family looking for the best interest in their children. It is incredibly sad for me to let go of Pinky as she is part of our family and will be missed a lot. Unfortunately, due to financial constraints we had to retrench her.</p> <p>Thereafter Pinky assisted a family on a contract basis before they relocated to the Free-State. Pinky assisted us for a 3-month period. She is an incredibly patient individual who takes the time to assist wherever she can. She always arrived early or on time, giving me peace of mind that our son would be safe and supervised during the day. Pinky has a positive attitude and is very enthusiastic when caring for children. She takes time to research specific needs for the specific age of our son and then tries to encourage his development. Pinky also assisted to prepare meals and keep our home very tidy while our son took his naps. Pinky has all the qualities of a reliable, trustworthy, and successful nanny and we highly recommend her. Pinky became part of our family in a short period of time. She is a caring and amazing individual, that would be an asst to any home.</p> <p>The reference was confirmed.</p>
